AMBER

IT'S **TIME** FOR YOUR **SHOPPING**

The Amber sandal is young, funny and elegant.

Amber is a proposal for the spring/summer season 2015, it incorporates our model Athena, appreciated for its versatility and comfort, with a new sole that makes it more young and fresh.

Amber is introduced in the eight most cool colours for next summer, but it is also available in over 40 different colors.

It is proposed with white stripes or polka dots on the insole, but any kind of electrostatic image is possible!

The composition of PVC ensures flexibility and softness but also resistance, making this sandal light and safe. The polyurethane sole is soft and elastic.

The sole is slightly raised and this guarantees comfort.

Amber is 100% Made in Italy.

COMFORT

The anatomical sole and the upper which takes the shape of the foot, make this article particularly comfortable, even when worn for many hours. The sole is flexible and resistant, it follows every step and, thanks to its thickness and its elasticity, it supports the back and reduces the impact with the ground.

FASHION

Amber is a new concept of sandal: it resumes our beloved Athena, adding a touch of aggressivity thanks to new flexible sole, that is soft but resistant. You will have at your feet the right fashion touch that will complete your style!

COLOURS

The wide range of colours that we offer allows you to customize your shoes as you prefer. You can have your Amber in any colour of our colour chart, matching with the new white sole, and customizing it with original prints on the insole, to make your sandal the one and only!

MADE IN ITALY

Our sandals are entirely designed, manufactured and packed in Italy by Henry and Henry ®. They are made of non-toxic and phthalate-free PVC in compliance with the safety standards.
