RUN

IT'S **TIME** FOR YOUR **SUMMER**

Run are the new flip-flops designed for the spring/summer season 2015.

A new model of our Flipper, but with a touch of sporting spirit:

its new foam PVC sole provides flexibility and softness,

making this sandal light and safe.

The soles are available in white, black and blue.

Instead, for upper and insole you can find many mixes of colours

for all styles and tastes.

Run is 100% Made in Italy.

VERSATILITY

Run is a new concept of flip-flops: it resumes beloved Flipper, adding a touch more aggressive, thanks to its new and super flexible sole, that is soft but also strong and light.
With Run, you shall not fear any terrain!

ERGONOMIC DESIGN

The anatomical insole and the upper which takes on the shape of the foot, make this article particularly comfortable, even when worn for many hours. The sole is flexible and resistant, it follows and supports movements at every step. And, thanks to its thickness and its elasticity, it supports the back and reduces the impact with the ground.

COLOURS

The wide range of colours that we offer allows you to customize your shoes as you prefer, even combining more variations on the same item. You can have your Run in any colour of our colour chart, and create new funny combinations matching different sole, insole and upper!

MADE IN ITALY

Our flip-flops are entirely designed, manufactured and packed in Italy by Henry and Henry ®. They are made of non-toxic and phthalate-free PVC in compliance with safety standards.
