SPIDER

IT'S **TIME** FOR YOUR **PARTY**

Spider is a sandal inspired by the classic jelly beach sandals, revisited with a modern design that makes it suitable for day and evening.

Its composition in PVC ensures extreme flexibility and softness but also resistance, making this sandal light and safe.

The small heel makes the Spider sandal comfortable, while the plimsoll design gives a pretty and very feminine look.

Spider is 100% Made in Italy.

LIGHT

The composition in PVC makes this sandal light, flexible, elastic and resistant!
Don't be afraid to walk in the street all day, to dance on the beach during the happy hour
or to jump from store to store doing shopping: Spider was created to stay with you everyday!

VERSATILITY

The shape of Spider reminds beach sandals we used in childhood.
With this new feminine version, Spider is suitable to be used as original
and romantic ballerina, but also as funny and casual sandal.

COLOURS

The wide range of colours that we offer allows you to customize your shoes as you prefer. You can have your Spider in any full or transparent colours of our colour chart, adding gold or silver glitters, to make your sandal the one and only!

MADE IN ITALY

Our sandals are entirely designed, manufactured and packed in Italy by Henry and Henry ®. They are made of non-toxic and phthalate-free PVC in compliance with the safety standards.
