# SUN

## IT'S **TIME** FOR YOUR **CULTURE**

For those who do not like to wear flip-flops or simply prefer an alternative style we have created a new model with a two-band upper and an ankle strap.

Sun is a men's model, comfortable and safe, which gives the foot a solid hold and an optimal transpiration. The insole is anatomic and the sole offers excellent grip thanks to its design that reproduces the tread of a rain tire and to its softness and flexibility.

Have fun with Sun choosing from more than 40 different colours and create infinite combinations of soles and uppers!

Sun is made in PVC and 100% Made in Italy.

## ELEGANCE

Horizontal bands that characterize the upper of this article, make it casual and elegant at the same time. Sun is suitable to be worn for day trips, but also for a happy hour in the city.

---

## ERGONOMIC DESIGN

The anatomical insole and the upper which takes on the shape of the foot, make this article particularly comfortable, even when worn for many hours. Crossed bands hug the foot, making this sandal perfect for every moment of your free time, at the beach or in the city.

The sole is flexible but resistant at the same time, it follows and supports movements at every step. It also reproduces the tread of rain tires, providing an excellent grip, stability and security, even in wet conditions.

## COLOURS

The wide range of colours that we offer allows you to customize your shoes as you prefer, even combining more variations on the same item. You can have your Sun in any colour of our colour chart, and create new funny combinations, mixing different soles and uppers.

---

## MADE IN ITALY

Our sandals are entirely designed, manufactured and packed in Italy by Henry and Henry®. They are made of non-toxic and phthalate-free PVC in compliance with the stringent safety standards.
