SURF

IT'S **TIME** FOR YOUR **BARBECUE**

The model Surf, exclusively for men, is comfortable and safe,
and gives the foot a solid hold and an optimal transpiration.

The insole is anatomic and the sole offers excellent grip thanks to its design
that reproduces the tread of a rain tire and to its softness and elasticity.

The innovative composition with the material used for the production
of dive fins guarantees lightness, strength and flexibility.

Surf is 100% Made in Italy.

ERGONOMIC DESIGN

The anatomical insole and the upper which takes on the shape of the foot, make this article particularly comfortable, even when worn for many hours. Crossed bands hug the foot, making this sandal perfect for every moment of your free time, at the beach or in the city. The sole is flexible but resistant at the same time, it follows and supports movements at every step.

GRIP

The sole, which reproduces the tread of rain tires, is a unique feature that distinguishes some of our best sellers. This feature ensures an excellent grip, stability and security even in wet conditions.

COLOURS

The wide range of colours that we offer allows you to customize your shoes as you prefer, even combining more variations on the same item. You can have your Surf in any colour of our color chart, and create new funny combinations, mixing different colours.

MADE IN ITALY

Our slippers are entirely designed, manufactured and packed in Italy by Henry and Henry ®. They are made of non-toxic and phthalate-free PVC in compliance with the safety standards.
